pergole bioclimatiche
bioclimatic pergolas

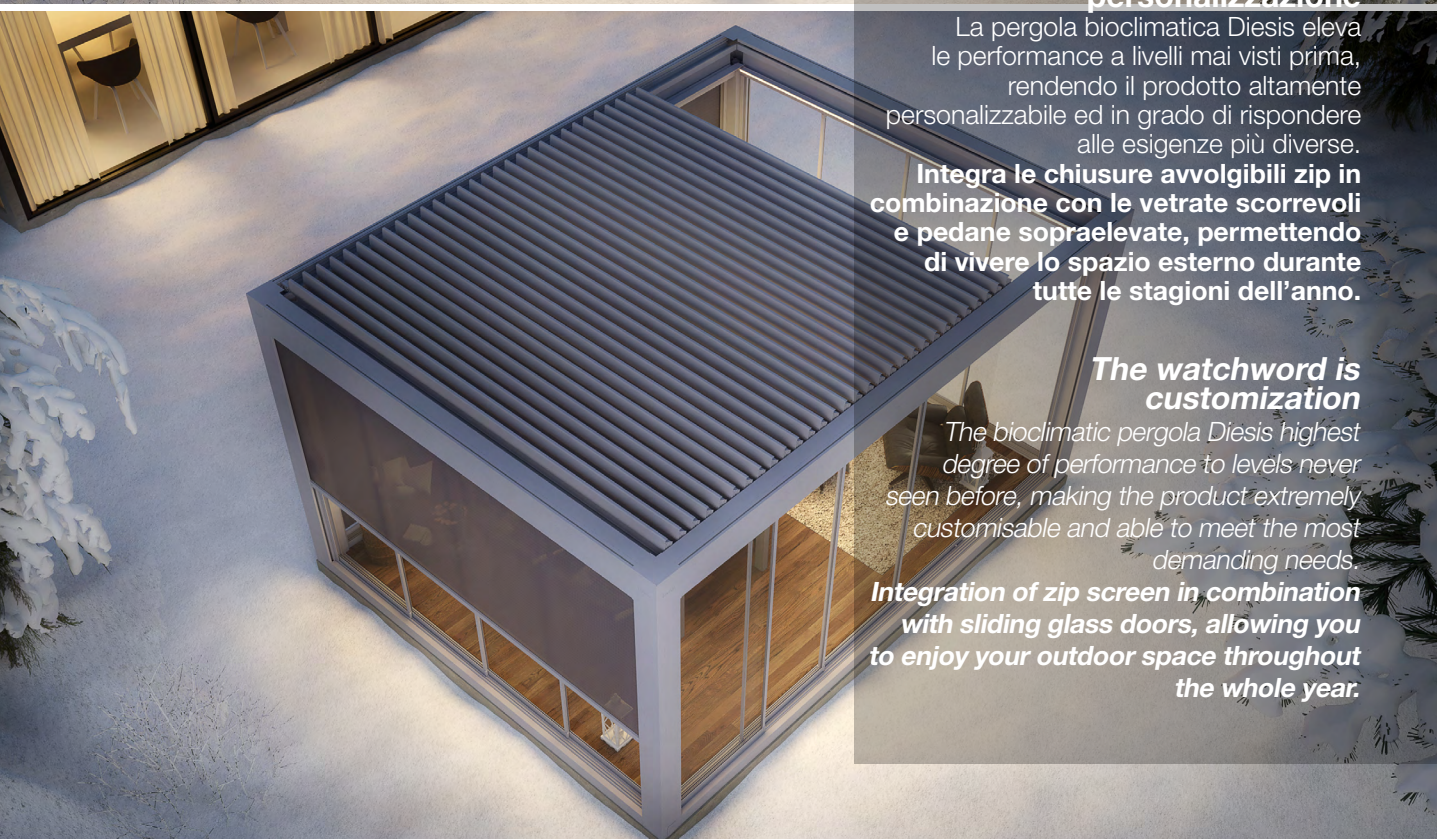

tutte le
stagioni
sono
giuste
*all seasons
are right*

**La parola d'ordine è
personalizzazione**

La pergola bioclimatica Diesis eleva le performance a livelli mai visti prima, rendendo il prodotto altamente personalizzabile ed in grado di rispondere alle esigenze più diverse.

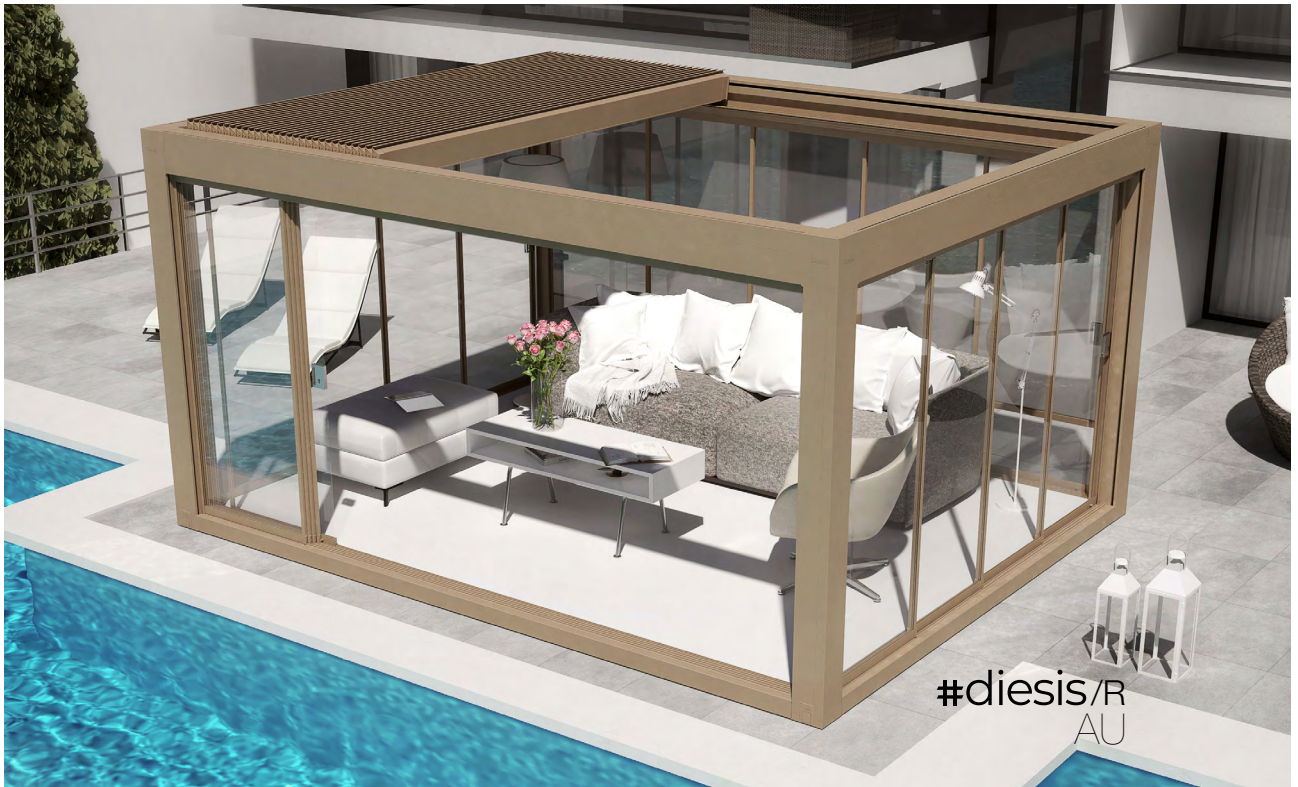

Integra le chiusure avvolgibili zip in combinazione con le vetrate scorrevoli e pedane sopraelevate, permettendo di vivere lo spazio esterno durante tutte le stagioni dell'anno.

**The watchword is
customization**

The bioclimatic pergola Diesis highest degree of performance to levels never seen before, making the product extremely customisable and able to meet the most demanding needs.

Integration of zip screen in combination with sliding glass doors, allowing you to enjoy your outdoor space throughout the whole year.

IT

Caratteristiche Tecniche

Prodotto brevettato

Versioni autoportante e addossata

Molteplici configurazioni e accoppiamenti per moduli multipli

Sistema a lame retrattili e orientabili

AORS: sistema brevettato impacchettamento/orientamento lame

HTS: dispositivo brevettato di aggancio lame, dotato di meccanismo trazione/compensazione per una chiusura ottimale delle lame

Copertura in piano composta da lame in alluminio estruso sezione 222 X 55 mm, orientabili da 0° a 120°

Gronda perimetrale sezione 200 x 270 mm, predisposta per chiusura integrata avvolgibile zip Bora e dotata di profilo ribalta per la protezione dagli schizzi d'acqua all'interno della pergola in caso di pioggia

Pilastri sezione 200 x 200 mm con piede telescopico, pluviali integrati e guida di scorrimento integrata per chiusura avvolgibile zip Bora

Struttura in alluminio estruso con componenti Inox

Verniciatura con polveri epossidiche resistenti ai raggi UV

Movimentazione automatizzata con radiocomando

Impianti elettrici integrati ed ispezionabili

Tenuta all'acqua ottimale

Prodotto con marcatura CE UNI EN 13561

Made in Italy

Complementi

Coibentazione interna parziale delle lame, per migliorare il comfort acustico (SoundProof)

Outdoor Led System perimetrale luce calda, fredda e RGB

Sensori climatici

Sistema audio integrato Dirello Concert

Pergola compatibile con impianti domotici

App gestione automazioni per Smartphone e Tablet

Bora (chiusura avvolgibile zip integrata nella gronda e nei pilastri)

Phantom Glass (vetrata panoramica a scorrimento verticale)

Belvedere (vetrata tuttovetro) - Scenica (vetrata tuttovetro)

Plank (pedana sopraelevata) - SQ (pedana sopraelevata)

Vantaggi

Integra le chiusure avvolgibili zip in combinazione con le vetrate scorrevoli

Predisposizione impianto elettrico

Automatismi preregolati

Pre-assemblaggio testato

Versioni

Autoportante 4P dimensioni massime: L 500 - S 598,6

Autoportante 6P dimensione massime: L 500 - S 721,1

Addossata Frontale 2P dimensioni massime: L 500 - S 598,6

Addossata Frontale 4P dimensioni massime: L 500 - S 721,1

Addossata Laterale 2P dimensioni massime: L 500 - S 598,6

Addossata Laterale 3P dimensioni massime: L 500 - S 721,1

EN

Technical Features

Patented product

Freestanding and wall leaning version

Different configurations and couplings system for multiple modules

Retractable and adjustable blades system

AORS: patented retractable/adjustable blades system

HTS: patented blade hooking device with pulling and balancing mechanism for optimal blades closure

Flat roof made of extruded aluminium blades section 222 x 55 mm, rotation from 0 to 120°

Perimeter gutter section 200 x 270 mm, prepared for integrated Bora zip screen and equipped with a flap profile to protect against water splashing inside the pergola when it is raining

Pillars section 200 x 200 mm with telescopic foot, integrated downpipes and integrated sliding guide for Bora zip screen

Extruded aluminium frame with stainless steel components

Epoxy powder coating resistant to UV rays

Automated movement with remote control

Integrated and inspectionable electrical systems

Optimal water tightness

Product CE marking UNI EN 13561

Made in Italy

Complements

Blades equipped with partial internal insulation, for acoustic comfort improvement (SoundProof)

Perimeter Outdoor Led System warm white, cold white and RGB

Climatic sensors

Dirello Concert integrated audio system

Pergola compatible with home automation systems

Automation App to control different function from Smartphone and Tablet

Bora (integrated zip screen incorporate into the frame)

Phantom Glass (panoramic windows with vertical working)

Belvedere (total-glass sliding system) - Scenica (total-glass sliding system)

Plank (modular raised floor) - SQ (modular raised floor)

Plus

Integrated zip screen and sliding glass doors

Electrical system setup

Preset automatisms

Pre-assembly tested
