IMPERIUM

pergole | pergolas

IMPERIUM

Imperium è la pergola inclinata realizzata con telo scorrevole ad impacchettamento.

L'estrema modularità permette di raggiungere grandi dimensioni, integrando vari sistemi di chiusure per vivere lo spazio esterno in tutte le stagioni, al riparo dai raggi solari, vento, umidità e pioggia.

Imperium is the sloped pergola with retractable fabric.

Its great modularity is set to reach large sizes, different type of closure systems can be integrated to enjoy your outdoor space in all seasons, great protection from sun, wind, humidity and rain.

IT

Caratteristiche Tecniche

Prodotto brevettato
Dimensioni fino a 1300 x 700 cm
Versione addossata
Configurazioni modulo singolo, doppio e triplo
Copertura con telo inclinato
Telo scorrevole ad impacchettamento
Struttura in alluminio estruso con componenti Inox
Trave a muro di ancoraggio
Profilo con guarnizione salvagoccia
Verniciatura con polveri epossidiche resistenti ai raggi UV
Movimentazione automatizzata con radiocomando o manuale con argano
Impianti elettrici integrati ed ispezionabili
Tenuta all'acqua ottimale
Prodotto con marcatura CE UNI EN 13561
Made in Italy

Complementi

Outdoor Led System profili intermedi luce calda, fredda e RGB
Sensore pioggia
Sensore vento
Pergola compatibile con impianti domotici
App gestione automazioni per Smartphone e Tablet
Integrabile con pavimentazioni sopraelevate ed un'ampia gamma di chiusure perimetrali

Vantaggi

Predisposizione impianto elettrico
Automatismi preregolati
Pre-assemblaggio testato

EN

Technical Features

Patented product
Dimensions up 1300 x 700 cm
Wall mounted version
Configurations single form, double form, triple form
Roof with sloped fabric
Retractable folding fabric
Extruded aluminium frame with stainless steel components
Beam wall mount
Profile with drip-proof gasket
Epoxy powder coating resistant to UV rays
Automated movement with remote control or manual whit winch
Integrated and inspectionable electrical systems
Optimal water tightness
Product CE marking UNI EN 13561
Made in Italy

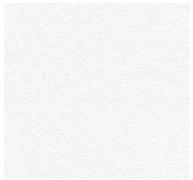

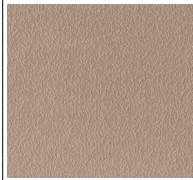

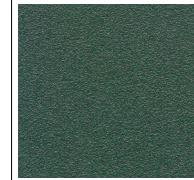

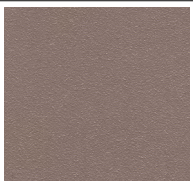

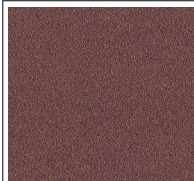

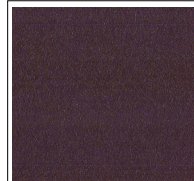

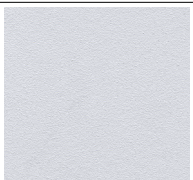

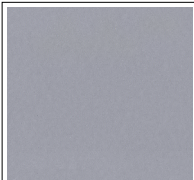

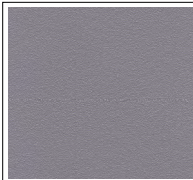

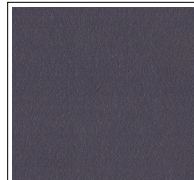

Complements

Intermediate profile Outdoor Led System warm white, cold white and RGB
Rain sensor
Wind sensor
Pergola compatible with home automation systems
Automation App to control different function from Smartphone and Tablet
It can be combined with raised floors and a wide range of perimeter closures

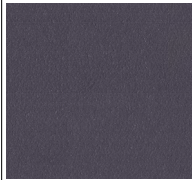

Plus

Electrical system setup
Preset automatisms
Pre-assembly tested
